TO WHOM IT MAY CONCERN

Abbott Construction Limited successfully negotiated the contract to construct the new Children's Hospice at Eltham. The site was on an existing Primary Health Care site and had difficult ground conditions both were managed extremely well.

Abbotts Construction showed during construction that they could be part of a team, the result of which was a very smoothly run project.

The Design Team had very few problems; problems that presented themselves were anticipated. Everyone at Abbotts Construction collectively made the building a joy to work on and we would like to take this opportunity to thank all those who we may not have had a chance to thank.

We look forward to the next project.

Yours faithfully

DENIS BATSON
