Dear Mick

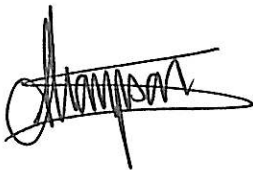

We just wanted to thank you and everyone at S.T. Abbott Ltd for building us such a beautiful home. The standard of care, commitment and work by all those involved in the build was extremely professional and of a very high standard.

What we also found was how well you worked with other suppliers making sure that everyone knew exactly when and what they were doing thus ensuring everything came together smoothly, on time and with the minimum amount of fuss.

S.T. Abbott Ltd exemplifies what the combination of quality personnel and a team approach can accomplish – it was a pleasure having your firm build our home.

We would have no hesitation in recommending S.T. Abbott Ltd for any building work.

Yours sincerely
