13<sup>th</sup> January 2016

Dear Sir / Madam,

Abbott Construction were appointed by KCC having successfully won the tender for the Five Acre Wood School hall extension and new reception area, and refurbishment of the existing building. We have worked with Abbott's since July 2015, and will continue to do so until the various phases are complete in autumn 2017.

Abbotts have proved to be flexible to our student needs, and proactively work with the school to discuss any issues, making programme changes where necessary. We quickly formed good working relationships with Abbott's on site and management staff team. Our site manager has played a key role in keeping the school up to date, and is in regular communication with our school facilities team, helping to ensure the smooth running of the school.

The work complete to date has been to a high standard, with snagged items promptly addressed after the handover period. The Abbott's team have proved to be professional, reliable and pleasant to work with. As with all refurbishment projects, Abbott's have been faced with challenges, but they have worked with a committed and co-operative approach to address issues.

In summary, we would not hesitate to recommend the Abbott's team, and feel confident that they will continue to deliver high quality construction.

Should you wish to discuss further please do not hesitate to contact me.

With kind regards

Victoria Wood  
Business Manager
